CONSIDER A NEW CAREER AS A CERTIFIED PERSONAL TRAINER

Course Information

Offered in partnership with World Instructor Training Schools (W.I.T.S.), this course provides all the information needed to start an exciting fitness career as a Certified Personal Trainer and will teach you all of the essentials to be a successful fitness trainer. The course includes the ONLY IN-PERSON hands on practical skill labs in the fitness industry. In the practical skill labs, you will be taught each week in the gym by role-playing and completing essential job tasks. You will be able to design and lead assessment testing of clients' stretching regimens, cardio warm ups/cool downs with a purpose, exercise analysis for implementing free weight, exercise tubing, machines and bodyweight exercises for clients' needs and abilities. The virtual "LIVE" lectures on core knowledge are led by our five-star veteran instructors each week at a set time. Topics will cover 15 hours on anatomy, exercise physiology, kinesiology, biomechanics, nutrition and more; the class is an NCCA accredited program which employers desire to work in the field. There is also an option to receive three college credits towards a degree through the American Council on Education. (Transcripts provided as needed from ACE).

The national Level 1 Certification test voucher (\$450 value) for use at the end of the course and a 30-hour bonus employer internship (Level 2 Certification) help locate jobs with local employers. To be eligible for the internship, students may be required to complete a background check.*
Required Textbook (additional cost): Howley, Edward T. and Thompson, Dixie L. 2017. *Fitness Professional's Handbook*. 7th Edition. Publisher: Human Kinetics, Champaign, IL.

Do you have an interest in helping individuals on their journey of getting healthy? Do you want to assist them in developing and implementing a fitness training regimen that helps them lose weight, get stronger, improve physical performance, and maintain their health? Consider becoming a Certified Personal Trainer.

Certified Personal Trainers can work in gyms, community centers, resorts and cruise ships, client's homes, nursing homes, etc. According to the Bureau of Labor, "Employment of fitness instructors is projected to grow 10% from 2016 - 2026. As businesses, government, and insurance organizations continue to recognize the benefits of health and fitness programs for their employees, incentives to join gyms or other types of health clubs are expected to increase the need for fitness trainers and instructors."

Certification

This program is accredited by the National Commission for Certifying Agencies (NCCA) and approved by the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) for continuing education. Students can register for the Certified Personal Trainer exams after completing the course and providing proof of a current CPR/AED certification. Once both the written and practical exams are passed, students will attain Level 1 Certified Personal Trainer status and will then be able to complete the employer internship and advance to the Level 2 Certified Personal Trainer credential.
